

VISION

To ensure that every student in Connecticut is inspired and empowered to take responsibility for their personal finances, explore their career hopes and dreams, and experience the power of entrepreneurship, thus becoming key contributors to the State's, Nation's and Global economic growth and vitality

We teach and model INTEGRITY
in our classrooms, the
workplace, and all partnerships

PRINCIPLES

- **Deliver:** We work efficiently and focus on outcomes; brand, reliability and accountability are paramount
- **Work as a Team:** We respect colleagues, students and volunteers, combining strengths and resources for the best results for our students and organization
- **Build Strong Partnerships:** We build sustainable relationships based on trust and mutual benefit
- **Innovate:** We seek creative solutions to community and organizational needs, taking pride in thinking outside the box while staying core to mission
- **Strive for Perfection:** We are a learning organization focused on continuous improvement with the highest standards for outcomes and motivation to delight our colleagues and constituents
